

ADVANCES IN HLA ANTIBODY TESTING

Interpretation in Solid Organ Transplantation

Rapid Flow Crossmatch / HLA Antibodies / Epitope Analysis

14th March 2019
Zagreb, Croatia

Biomedica and One Lambda are glad to invite you to a Workshop at the
13th East-West Immunogenetics Conference
Hotel Panorama, Zagreb Croatia

Speaker

Robert Liwski, MD, PhD, FRCPC
Dalhousie University/Halifax CA

9:00-9:45	HLA Testing and Kidney allocation in Canada
10:00-11:30	Optimization and Standardization of Flow Cytometry Crossmatch
11:30-12:30	Lunch
12:30-13:00	Optimization of HLA antibody testing by Single Antigen Bead assay
13:00-13:45	Technical challenges with HLA antibody testing
14:00-15:00	The usefulness of Epitope Analysis when interpreting HLA antibody test results

Registration: Please register under the EWIC 2019 registration page

- Workshop fees are waived
- Coffee and lunch served
